

MOBILISE

ERA CHAIR

1st Symposium in Molecular Bioengineering

Immunoengineering: from molecules
to biomaterials and cell therapies

16-18 June 2025 | i3S, Porto, Portugal

Funded by
the European Union

The project MOBILISE received funding from the European Union's Horizon 2020 research and innovation programme under Grant Agreement no. 951723.

VENUE

i3S – Instituto de Investigação e Inovação em Saúde, Universidade do Porto

Address: Rua Alfredo Allen, 208; 4200-135 Porto, Portugal

TRAVEL INFORMATION

Arriving in Porto by aeroplane

Francisco Sá Carneiro Airport (Porto) is located on the north outskirts of Porto, about 11km from the city centre; 14km from the i3S.

From the Airport to i3S by subway: You can take line E (direction: Estádio do Dragão) at the Airport station to Trindade; at this station, you have to change to line D (direction: Hospital São João) – leave at **Pólo Universitário**. *Average time: 45 minutes*

Arriving in Porto by train

There are two main stations in Porto: **Campanhã** and **São Bento** (city centre). In both, there are Metro and Bus Services, but the subway is the easiest way to reach i3S (Line D_station **Pólo Universitário**).

From the train station to i3S by subway:

From **Campanhã** train station (Metro): All lines are possible (A, B, C, E and F). Go to Trindade and then change to line D (direction: Hospital São João) - leave at **Pólo Universitário**.

Average time: 25'.

From **São Bento** train station (Metro): Take line D - direction Hospital São João - leave at **Pólo Universitário**.

Average time: 20'.
